

ImuDiagDataProviderInterface

```
graph BT; A[ImuDiagDataProvider] --> B[ImuDiagDataProviderInterface];
```

The diagram illustrates a class hierarchy. At the top is a gray rectangular box labeled 'ImuDiagDataProviderInterface', representing an abstract interface. Below it is a white rectangular box labeled 'ImuDiagDataProvider', representing a concrete class. A blue arrow points from the bottom of the 'ImuDiagDataProvider' box up to the bottom of the 'ImuDiagDataProviderInterface' box, indicating that the concrete class implements the interface.
